PROFESSIONAL SUMMARY

Operations and program leader with 7+ years at Uber leading global Risk, Identity, Fraud, and Trust & Safety programs across 150+ person organizations. Built operating models and cross-functional programs that scale through organizational change, with experience spanning fraud mitigation, identity, compliance, quality, and operational transformation. Delivered \$5.4M in annualized fraud deflection, led Lean Six Sigma certification for 200+ employees, and delivered measurable gains in efficiency, quality, and throughput across global operations.

EXPERIENCE

Senior Operations Manager, Fraud, Risk & Identity

Sep 2023 – Present

Uber

Phoenix, AZ

- Owned operational strategy and end-to-end delivery for the US&C Risk & Identity organization, leading 12 Team Leads and **150+ Specialists** across fraud mitigation, identity verification, and account integrity.
- Owned a **\$25M+** global program portfolio, scaling its impact **4X** through operational redesign, prioritization, and disciplined execution across a rapidly evolving organization.
- Partnered with senior leadership, Legal, Compliance, and global outsourcing partners to translate company safety and compliance objectives into executable roadmaps with measurable targets.
- Delivered **\$5.4M** in annualized fraud deflection, a **700%+** increase with flat headcount, by re-architecting the review process around the highest-ROI work.
- Directed Uber's Lean Six Sigma Yellow Belt program, certifying **~200 employees** across multiple senior-director organizations and running Kaizen events on live business problems.
- Maintained **99% on-time delivery** and **98%+ stakeholder satisfaction** across 150+ global partners, including leading the global transition and offshoring readiness of identity-theft operations to a 98% quality-accuracy standard through scalable documentation, training, and coaching infrastructure.
- Directed company wide initiatives including Women Rider Preference, mobilizing **20+ headcount** to vet **100,000+** earners ahead of schedule and earning company wide recognition for platform safety.

Sr. Operations Project Lead, Risk & Identity Compliance

Apr 2022 – Sep 2023

Uber

Phoenix, AZ

- Managed end to end delivery of cross functional Risk & Identity programs, translating business and compliance requirements into project plans, milestones, and execution priorities.
- Coordinated teams across multiple Centers of Excellence and global locations, aligning resources, timelines, and performance expectations while monitoring queue volumes and capacity for workforce planning.
- Served as the central point of accountability for program execution, identifying operational risks, resolving blockers, and maintaining alignment across Operations, Compliance, Legal, and partner stakeholders.
- Designed and implemented onboarding programs, training plans, SOPs, and operational controls for new and evolving workflows, improving consistency and accelerating team readiness at scale.
- Facilitated business reviews and program readouts for audiences of 100+ team members, program leads, and stakeholders, communicating performance, key risks, and operational priorities.
- Partnered directly with Senior Legal Counsel on high sensitivity identity-theft claims, coordinating operational execution and stakeholder communication under strict compliance requirements.

Risk and Compliance Specialist II & III

Feb 2019 – Apr 2022

Uber

Phoenix, AZ

- Served as subject matter expert and escalation point across 300+ fraud investigation processes, partnering with Compliance, Legal, Background Check, and operational teams on complex earner facing workflows.
- Ran multiple concurrent operational workstreams each week, including compliance document reviews, partner fraud audits, and driver partner outreach campaigns against time-sensitive requirements.
- Surfaced process and knowledge gaps through operational and data analysis, partnering with stakeholders to improve workflows, documentation, and execution standards adopted across the team.
- Chaired an internal engagement committee owning recognition, community service, and professional development programming for the organization.
